ACCIÓ: The Agency for Business Competitiveness

ACCIÓ: The Agency for Business Competitiveness

ACCIÓ is the public agency for the competitiveness of Catalan enterprise, attached to the Ministry of Business and Labour of the Generalitat (Government) of Catalonia. It aims to promote the competitiveness and growth of the Catalan business fabric by promoting innovation, internationalization and by attracting investment. In addition, ACCIÓ provides enterprises with a network of 40 international Trade and Investment offices around the world that provide coverage to more than 100 markets. From these offices, it promotes the connection of Catalan enterprise in the world and advises on setting up in new markets and discovering global business opportunities, as well as helping in the process of internationalization of innovation thanks to its specialized team's local support and knowledge.

European Funding (2014-2020)¹

Over the 2014-2020 period, a total of 1,508 entities based in Catalonia received European funding, which represents 22.0% of the total number of beneficiaries in Spain during the period as a whole. These beneficiaries took part in 4,855 EU-funded projects, which represents 28.4% of all projects with Spanish participants. Based on the quantity of funding achieved, Catalan beneficiaries obtained €2,009.3M, which represents the 21.9% of the total European funding obtained by Spanish beneficiaries.

From 2014 to 2020, Catalonia was ranked 16th among the EU28² for obtaining EU funds. This level of funding is very similar to that obtained by Finland (€2,043.8M) and ahead of countries such as Portugal (€1,961M) and Hungary (€1,813.8M).

Horizon 2020 (H2020)³ is the main funding programme in Catalonia. In terms of the funds allocated under this programme, the competitiveness, excellence, and innovative capacity of Catalan entities have enabled Catalonia to receive 1,7 billion € and 3,202 projects in 2014-2020, which represents 2.5 % of total H2020 funds (one point higher than the amount corresponding to it based on population (1.5% of the EU)).

Finally, Catalonia was the European region with the most companies awarded grants from the EU's SME Instrument programme. 246 Catalan SMEs (4.5% of all grant recipients) were awarded more than €108M in funding (3.8% of the total budget).

Figures on EU Funding in Catalonia

Catalonia benefited from **2.5%** of the total budget of the EU's Horizon 2020 programme, and received €1.7B in 2014-2020.

The Catalans obtain **21.9%** of the total European funding gained in Spain.

From 2014 to 2020, Catalonia was ranked **16th** out of the EU28 for obtaining EU funds.

- **Role of ACCIÓ:** Coordinator.
- **Number of participants:** 5.
- **Project status:** On going.

EU Programme: DIGITAL EUROPE

Project title: DIH4CAT. Strengthening innovation through supporting cluster cooperation and start-up ecosystems in the South Neighbourhood countries.

- **Description:** Digital Innovation Hub of Catalonia (DIH4CAT) is born as a non-profit regional innovation ecosystem which aims connecting the main technology infrastructure of the region to make them available for SMEs, start-ups and public administration with the objective of accelerating technology transformation towards a more green and digital industry. The consortium is led by the Government of Catalonia and composed of 7 technology partners leading the 7 technology areas (AI, HPC, Cybersecurity, Robotics, Photonics, 3D Printing and Connectivity), 1 business school, 2 employer's industrial associations, complemented with 19 associated partners.
- **Duration:** 36 months (01/05/2022 – 30/04/2025).

- **Role of ACCIO:** Coordinator.
- **Number of participants:** 31.
- **Url:** <https://dih4cat.cat/es/>
- **Project status:** On going.

EU Programme: HORIZON EUROPE

Project title: RETRIEVE. Reintegration of photovoltaic panel waste back into manufacturing as high value products

- **Description:** In RETRIEVE we aim to combine PV upstream value chain organizations with beyond state-of-the-art recycling processes and techniques to improve circularity within the PV sector. RETRIEVE targets the upcycling of the components of the End of Life (EoL) solar panels, enhancing the material quality to meet current requirements for re-introduction into the PV value chain. RETRIEVE will increase the circularity and minimize the environmental impact of the PV industry by developing and demonstrating cost effective recycling technologies for the different components of a solar module; recycle glass to current PV specifications, purify production waste and EoL silicon to solar grade quality, recover silver and heavy metals, and polymer valorization with carbon capture. By lowering the financial burden of material recovery and increasing the value after recovery, RETRIEVE makes the overall module recycling process more profitable, and the project opens new paths for commercialization.
- **Duration:** 3 years and 6 months (01/10/2023 – 31/3/2027).
- **Budget:** 6,943,801.55€ (ACCIÓ: 193,025€).
- **Role of ACCIO:** Partner.
- **Number of participants:** 18.
- **Project status:** On going.

Project title: RlnnoValleys. Transforming regions into innovation valleys

- **Description:** The goal of this project is to create a transnational joint action plan, that aims to improve the capability of modest and moderate innovator regions to connect with the European Innovation Council (EIC). The EIC is a key player in the European Union's efforts to support innovation and provide funding for the development of new technologies and ideas. However, many modest innovator regions face challenges in accessing these resources and benefits. This project aims to bridge this gap and enable these regions to interact and participate more effectively in the EIC ecosystem.
- **Duration:** 1 year (01/12/2023 – 30/11/2024).
- **Budget:** 499,981€ (ACCIÓ: 83.250€).
- **Role of ACCIO:** Partner.
- **Number of participants:** 6.
- **Project status:** On going.

EU Programme: INTERREG VI

EU Programme INTERREG EUROPE

Project title: DeepTechValleys. Deep Tech Ecosystem Empowerment for Regional Transformation.

- **Description:** DeepTechValleys enhances regional deep tech innovation policies, foster transnational cooperation, and empower connections to the EIC, thereby enabling regions to fully exploit their deep tech innovation potential.
- **Duration:** 4 years (01/04/2024 – 31/03/2028).
- **Budget:** 2,255,184€ (ACCIÓ: 190,720€).
- **Role of ACCIO:** Partner.
- **Number of participants:** 10.
- **Project status:** On going.

Project title: PLASTIX. Plastics Revolution for European Regions.

- **Description:** PLASTIX facilitates industrial transition towards a resource-efficient economy, circular economy growth and eco-innovations in participating regions, and in other European regions. By identifying good practices and novel solutions through interregional exchange and co-creation, the project aims at helping regional policy makers to improve and create policy mechanisms which facilitate industrial transition towards a resource-efficient economy.
- **Duration:** 4 years (01/03/2023 – 28/02/2027).
- **Budget:** 1,693,175€ (ACCIÓ: 207,840€).
- **Role of ACCIO:** Partner.
- **Number of participants:** 8.
- **Project status:** On going.

Project title: ACCELERATE GDT. Realign Cluster Policies to Accelerate the Twin Green and Digital Transitions Revolution for European Regions.

- **Description:** The overall objective of ACCELERATE GDT is to reinvent national and regional cluster policies to become more effective and support the twin green and digital transitions for cluster members to improve competitiveness and enhance sustainability.
- **Duration:** 4 years (01/03/2023 – 28/02/2027).
- **Budget:** 1,511,488€ (ACCIÓ: 164,514€).
- **Role of ACCIO:** Partner.
- **Number of participants:** 7.
- **Project status:** On going.

EU Programme INTERREG POCTEFA

Project title: PHYrene. Development of the cross-border hydrogen value chain in the Pyrenees.

- **Description:** The main objective of the PHYrene project is to support the development and consolidation of the renewable hydrogen value chain on a cross-border scale, as well as to favour the identification and exploitation of business, research and institutional synergies that ensure the energy transition of the territory.
- **Duration:** 3 years (01/01/2024 – 31/12/2026).

- **Role of ACCIO:** Partner.
- **Number of participants:** 8.
- **Project status:** On going.

EU Programme: INTERREGIONAL INNOVATION INVESTMENT (I3)

Project title: INSHAPE. European cross regional innovation for Sports & Active Healthy Lifestyle.

- **Description:** Strengthen the European digital economy by developing the ClusSport partnership (EU-recognised in the Smart Specialization Area (S3) of Sports and Vitality) into a European Competence Center for SME initiatives in the field of sport and vitality/technology.
- **Duration:** 3 years (01/09/2023 – 31/08/2026).
- **Budget:** 6,719,228 € (ACCIÓ: 265,993€).
- **Role of ACCIO:** Partner.
- **Number of participants:** 22.
- **Project status:** On going.

Project title: CESAM. Circular Economy and Sustainability solutions for Agrifood in the Mediterranean.

- **Description:** Investing in circular economy value chains in order to accelerate innovative and sustainable technologies in the agrifood sector and reinforcing interregional cohesion (the 2021-2027 S3s of Occitania, Catalonia and Balearic Islands).
- **Duration:** 3 years (01/09/2023 – 31/08/2026).
- **Budget:** 3,022,935 € (ACCIÓ: 148,226€).
- **Role of ACCIO:** Partner.
- **Number of participants:** 9.
- **Project status:** On going.

EU Programme: EUROPEAID

Project title: EUROMED CLUSTERS FORWARD. Strengthening innovation through supporting cluster cooperation and start-up ecosystems in the South Neighbourhood countries.

- **Description:** The global objective of this project is to contribute to the creation of sustainable jobs in the Neighbourhood South by increasing competitiveness of SMEs and stimulating an environment conducive to innovation and economic growth.
- **Duration:** 3 years and 8 months (01/04/2022 – 31/12/2025).
- **Budget:** 7,000,000€ (ACCIÓ: 205,725€).
- **Role of ACCIO:** Affiliated partner.
- **Number of participants:** 11.
- **Project status:** On going.

EU Programme: ERASMUS+

Project title: METASKILLS4TCLF. Alliance for cooperation on digital and circular economy skills for the tclf sector across europe.

- **Description:** The project will contribute in the upskilling/reskilling of Textile, Clothing, Leather and Footwear (TCLF) companies and workers to successfully address the digital and circular transformation of these industries, while modernising the TCLF education systems in Europe.
- **Duration:** 4 years (01/09/2023 – 31/08/2027).
- **Budget:** 3,999,986€ (ACCIÓ: N/A).
- **Role of ACCIO:** Associated partner.
- **Number of participants:** 30.
- **Project status:** On going.

CASCADE FUNDING

SOURCE: HORIZON EUROPE Projects

Project title: Support to EIC Accelerator by the Enterprise Europe Network (EEN2EIC)

- **Description:** ACCIÓ as a node of the Enterprise Europe Network (CATCIM project) will support the European Innovation Council (EIC) through the coordination of three European sub-projects with the aim of create a bridge between the two projects to support innovation, expand companies and involve the most relevant players in the EIC and EEN landscape, improve the ability of SMEs to apply for the EIC. And specifically, with a focus on companies led by women and companies from the widening/associated countries and help to the Seal of Excellence (SoE) to finance their projects.
