The **SME instrument** has been designed to help fill a financing gap for business innovators with international ambitions.

The instrument is structured in three phases, with the aim of transforming **disruptive ideas** into concrete, innovative solutions with a European and global impact.
SMEs are recommended to apply for Phase 1, but may also apply directly for subsequent phases:

PHASE1

Concept & Feasibility Assessment *Idea to concept (6 months)*

The SME will draft an initial **business proposal**.

The European Union will provide **€50 000 in funding** and business coaching.

PHASE2

Demonstration, Market Replication, R&D *Concept to Market-Maturity (1-2 years)*

The SME will further develop its proposal through **innovation activities**, and draft a more developed **business plan**.

The EU may contribute between **€0.5 million** and **€2.5 million*** and provide business coaching.

PHASE3

Commercialisation *Prepare for Market Launch*

The SME will receive extensive support to help polish its concept into a marketable product, and have access to **networking opportunities**.

The EU will not provide funding in this phase.

*70% funding of costs (direct costs + 25% indirect costs)
